warning this book is not suitable for children and young adults as it contains adult material as well as dealing with adult themes such as domestic abuse and violence illegitimacy suicide and the varying response to the death of loved ones when his father and brother drown at sea nineteen year old lewis franklin is forced to grow up fast as he faces the new challenges and responsibilities of looking after his widowed mother anna sister in law alice and infant nephew daniel in london lewis befriends retired merchant sea man abraham abe fleming and the two men forge a bond of friendship that matures through the years much as lewis becomes a hero to his nephew daniel as the boy grows to manhood lewis is forced to learn some of life s harsher lessons yet retains his dignity and spirit throughout this is a tale of the enduring friendship between men and women as they suffer loss discover dark secrets and survive the harsh realities of life in the late victorian era

plant reproductive biology has undergone a revolution during the past five years with the cloning sequencing and localization of the genes important in reproduction these advantages in plant molecular biology have led to exciting applications in plant biotechnology including the genetic engineering of male sterility and other reproductive processes this book presents an interesting and contemporary account of these new developments from the scientists in whose

laboratories they have been made the chapters focus on two areas the molecular biology of self incompatibility which is the system of self recognition controlled by the s gene and related genes and the cellular and molecular biology of pollen development and genetic dissection of male sterility some chapters feature arabidopsis with its unique genetic system reproduction is vital for seed production in crop plants and this book presents new approaches to manipulate plant breeding systems for the 21st century

in 1845 british explorer sir john franklin set out on a voyage to find the north west passage the sea route linking the atlantic ocean to the pacific the expedition was expected to complete its mission within three years and return home in triumph but the two ships hms erebus and hms terror and the 129 men aboard them disappeared in the arctic the last europeans to see them alive were the crews of two whaling ships in baffin bay in july 1845 just before they entered the labyrinth of the arctic archipelago the loss of this british hero and his crew and the many rescue expeditions and searches that followed captured the public imagination but the mystery surrounding the expedition s fate only deepened as more clues were found how did franklin s final expedition end in tragedy what happened to the crew the thrilling discoveries in the arctic of the wrecks of erebus in 2014 and terror in 2016 have brought the events of 170 years ago into sharp focus and excited new interest in the franklin expedition this richly illustrated book is an essential guide to this story of heroism endurance tragedy and dark desperation

this volume attempts to throw fresh light on two areas of benjamin franklin s intellectual world namely his self fashioning and his political thought it is an odd thing that for all of franklin s voluminous writings a fantastically well documented correspondence over many years scientific treatises that made his name amongst the brightest minds of europe newspaper articles satires and of course his signature on the declaration of independence and the u s constitution and yet scholars debate how to get at his political thought indeed if he had any political philosophy at all it could be argued that he is perhaps

the american founder most closely associated with the enlightenment similarly for a man who left so much evidence about his life as a printer bookseller postmaster inventor diplomat politician scientist among other professions one who wrote an autobiography that has become a piece of american national literature and indeed a contribution to world culture the question of who ben franklin continues to engage scholars and those who read about his life his identity seems so stable that we associate it with certain virtues that apply to the way we live our lives time management for example the image of the stable figure of franklin is applied to create a sense of trust in everything from financial institutions to plumbers his constant drive to improve and fashion himself reveal however a man whose identity was not static and fixed but was focused on growth on bettering his understanding of himself and the world he lived in and attempted to influence and improve
